

# ABDALKARIM DWIKAT

## SOFTWARE & AI ENGINEER

Ramallah, Palestine | +970 597 379 033 | [karimdwikat22@gmail.com](mailto:karimdwikat22@gmail.com)  
[linkedin.com/in/abdalkarim-dwikat](https://linkedin.com/in/abdalkarim-dwikat) | [github.com/Bushmanovv](https://github.com/Bushmanovv) | [abdalkarimdwikat.com](https://abdalkarimdwikat.com)

## PROFILE

Computer Engineering graduate building software at the intersection of AI and systems — from real-time ML pipelines on embedded Linux to full-stack web applications. Fast learner and analytical problem-solver with strong leadership, teamwork and adaptability in high-pressure engineering environments. Seeking a graduate Software or AI Engineering role.

## EXPERIENCE

### Software Engineering Intern

Oct 2025 – Feb 2026

*Proginer Technologies*

*Ramallah, Palestine*

- Built a full-stack real-time Email Alert Management System automating alert ingestion, parsing and delegation.
- Engineered a Flask REST API with SQLite and a React/Vite dashboard with role-based access control and bulk actions.
- Added live dashboard sync over WebSockets and automated IMAP parsing with normalisation and deduplication.

### Digital Verification Intern

Oct 2025 – Jan 2026

*Orion VLSI Technologies*

*Rawabi, Palestine*

- Developed modular SystemVerilog/UVM testbenches with reusable drivers, monitors, scoreboards and sequences.
- Validated RTL designs with constrained-random stimulus and assertions; measured functional and code coverage.

### Freelance Software Developer

2023 – Present

*Self-Employed*

*Remote*

- Develop and deploy web applications and workflow-automation solutions for small businesses, translating operational requirements into software.
- Integrate APIs, AI services, databases and automated workflows to reduce repetitive manual processes.

### Web Development Intern

2023 – 2024

*Bilsan Business Solutions*

*Ramallah, Palestine*

- Built responsive interfaces and reusable UI components in HTML, CSS and JavaScript; supported QA and debugging.

## SELECTED PROJECTS

### EEG-Based Artifact Recognition & Prosthetic Hand Control

Sep 2025 – Jul 2026

*Python, DTW, Signal Processing, Raspberry Pi, ESP32, Embedded Linux, TCP/UART*

- Engineered a real-time EEG pipeline: preprocessing, feature extraction, inference and prosthetic-hand actuation.
- Achieved **91.3% Leave-One-Session-Out accuracy** using Dynamic Time Warping, with real-time inference deployed on Raspberry Pi and ESP32 over TCP/UART.

### AI Clinic Secretary — Arabic Medical Assistant

Aug – Nov 2025

*Python, FastAPI, LangChain, OpenAI API, PostgreSQL, Docker, RAG*

- Built an Arabic AI assistant using Retrieval-Augmented Generation over clinic policies and operational data.
- Integrated conversational appointment scheduling with FastAPI, PostgreSQL and containerised services using Docker.

### AI Code Review Assistant

*Python, LLMs, Static Analysis, Prompt Engineering, REST APIs*

- Built an AI-powered code review assistant analysing source code for bugs, quality and maintainability issues.
- Combined static analysis with LLM-based reasoning to generate contextual, actionable code-review feedback.

## TECHNICAL SKILLS

**Languages** | Python, Java, C/C++, JavaScript, SQL, SystemVerilog, Shell

**AI & ML** | PyTorch, TensorFlow, Scikit-learn, OpenCV, NLP, Computer Vision, Signal Processing

**Generative AI** | LangChain, OpenAI API, RAG, Vector Databases, AI Agents, Prompt Engineering

**Backend & Web** | FastAPI, Flask, REST APIs, WebSockets, React, Vite, PostgreSQL, SQLite

**Embedded** | Raspberry Pi, ESP32, Embedded Linux, UART, I2C, MQTT, TCP/IP, Real-Time Systems

**Verification** | UVM, RTL Verification, Testbench Development, Assertions, Functional & Code Coverage

**Tools** | Git, Docker, Linux, Postman, VS Code, ClickUp

**Professional** | Leadership • Problem Solving • Critical Thinking • Teamwork • Communication • Adaptability • Working Under Pressure

## EDUCATION

### B.Sc. in Computer Engineering

2026

*Birzeit University*

*Birzeit, Palestine*

- Coursework: AI, Information Retrieval & NLP, Algorithms, Operating Systems, Networks, Embedded Systems, DSP.

## CERTIFICATIONS & LANGUAGES

**Certifications** | *Udacity*: AI with TensorFlow Nanodegree, Data Analysis Nanodegree | *Gaza Sky Geeks*: Data Science Program

**Languages** | Arabic (Native) • Russian (Bilingual) • English (C1) • German (C1) • Ukrainian (A2) • Hebrew (A1)
